Description of product

The products "Ascender, type AAD-0329-R (right hand) and der. var. AAD-0329-L (left hand)" are rope clamps. They are mechanical devices that lock under load in one direction (downward) and slide freely in the opposite direction (upwards). The products are fitted with hand catch that prevent from accidental detachment of a rope from the clamp. The products are made of light composition and are fitted with ergonomic plastic handle. All edges are free from burrs and rounded.
